ACC INSTRUCTION/APPROVAL

Per Rules & Regulations adopted 4-13-2011, installation must be done by a licensed and bonded installer and must be attached at the rear of the building opposite the street, or on the side of the building no more than half the eaves span from the rear corner. In attaching dishes to the roof, the roof must be sealed and water tight after attachment. Any wiring to and from the dish must be concealed under soffits directly behind fascia. There shall be no attachments to the stucco exterior. Dish and surroundings are the homeowner's responsibility to repair and maintain as needed.

Work must commence on this project within 30 days of ACC approval unless an extension is requested and granted.
